

LLDPE LL179

High Strength Linear Low Density Polyethylene Film Extrusion

LL179 is a high strength linear low density hexene copolymer polyethylene

Suggested Applications:

Industrial packaging

Nominal Physical Properties:

PROPERTY	TEST METHOD	UNIT	VALUE
Density	D1505	g/cc	0.918
Melt Index	D1238	g/10 min	0.95
Dart Impact	D1709	g	430
Tear Strength	D1922	g	380/718*
Yield Strength	D882	Psi	1660/1630*
Elongation	D882	%	750/820*
Elmendorf tear strength		g	300/450

*MD/TD
